Gentlemen:

It has been my pleasure to work with the both of you on several exciting projects.

Our joint participation in the auction of 81 high rise luxury condominium units on the water in Fort Myers was not only a success, in that all the units were sold, but achieved an end result that was 20 % higher than expected. Your pre-sale strategy in advance of the auction along with our established methods of auctioning real estate proved to be a fantastic partnership.

Fisher Auction Co. Inc. has been consistently ranked as one of the top ten Accelerated Marketing Firms in North America. Our firm, established in 1967, is comprised of highly trained and skilled individuals with backgrounds in auctioneering, real estate, development, finance, accounting, law, appraising, banking, sales, and marketing.

Your affiliated real estate brokerage IBRC, LLC has been an extremely successful force in on-site sales and marketing as well as pre-sales at auctions. Your painstaking efforts, focused time-line, and complete professionalism make us confident of success in this project and the next one we undertake together.

We appreciate the work that you are doing in Riviera Beach along with us to promote home ownership through the auction process. I applaud your work ethics and enjoy having you as part of our auction team.

Sincerely,

Lamar P. Fisher, CAI, AARE
